County Extension Agent, Calvin J. Caldwell, giving instructions on aluminum foil cooking to 4-H members at Hempstead County 4-H Conservation Day.

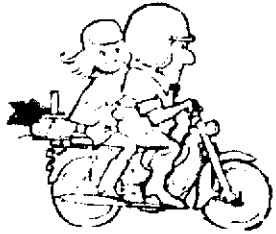

4-H Members are being given pointers on tree identification by Jack Young, Forestry Research Assistant at the Southwest Branch Experiment Station. Sixty-six members and leaders participated in the 4-H Conservation Day on June 26.

H members and leaders participated in 4-H Conservation Day at Hope on Friday, June 26. This all-day activity was sponsored by Federal Cartridge Corp. in co-operation with the Hempstead County Extension Service.

Speakers and their topics were:

Paul Choate, Arkansas Game and Fish Commission, "Fish and Fish Biology"; Ed Waddell and Orval Foster, Arkansas Forestry Commission, "Functions of the Forestry Commission including Fire Control"; Calvin Caldwell, county extension agent, Agricultural Extension Service, "Aluminum Foil Cookout"; Jack Young, Southwest Branch Experiment Station, "Tree Identification and Timber Estimating"; Robert Vandivere, associate county extension agent, Agricultural Extension Service, "Firearm Safety". Other Hempstead County Extension personnel assisted with conducting the Activity during the day.

The Northside 4-H Club won the attendance prize with 87 per cent of their members present.

Soviet Not Pleased by Nixon

MOSCOW (AP) — The first Soviet report on President Nixon's television interview said today he failed to offer any new approach to the stalemated Vietnam peace talks in Paris.

The official Tass news agency reported the appointment of veteran diplomat David K. E. Bruce as chief U.S. negotiator in Paris but added that Nixon's television statements showed he maintained his old position on the talks.

Tass also showed Soviet dissatisfaction with Nixon's comments on the situation in the Middle East. It said he acknowledged a dangerous situation there "but on the pretext of observing the notorious balance of forces in the Middle East, he went on record for such a situation in which military superiority would be on the side of the Israeli aggressors."

Answer to Previous Puzzle

Stability And Progress In City Government. . .

Over the past four years, the City of Hope has purchased and paid for under the City Manager plan, much new equipment for road building, drainage and for the sanitation department.

Top photo shows some of the machinery and equipment used by the Street Department. Most of the equipment is in new condition and has equipped the Street Department to carry on a major maintenance and building program.

Included in the picture is a street sweeper, two rollers, a rubber tired front end loader, a pulv-mixer used in re-shaping and resurfacing streets, three road maintainers, a Drott excavating machine, an asphalt distributor and an asphalt slurry sealing machine.

Replacement cost of the machinery shown in this photo would be in excess of \$150,000. With this new equipment, the Street Department has, during the past three years, built or resurfaced 16 miles of city streets, or 235 blocks. This does not include Sixth Street nor Avenue B, which was built by outside road contractors.

Middle photo shows a Drott excavating

machine, a handy tool. The machine is used for all kinds of digging and many miles of Hope's drainage ditches have been cleaned by this machine. Cost of the machine, \$28,000—and paid for. Not shown in the picture is a heavy trailer the City purchased that will move the machine to various locations.

Bottom photo shows some of the equipment used by the Hope Sanitation Department.

Not shown in the photos is Hope's Fire Fighting equipment. In the past three years new fire trucks and other equipment has been purchased at a cost of \$43,850 and all paid for under the City Manager form of government. Working hours at the Fire Department have been reduced from 72 hours to 56 hours per week, and there have been salary raises for the personnel.

Not shown is much equipment used by the Electrical Department, where salaries also have been raised. We also contacted the Sewer Department in our survey. There's no romance to write about there. The smell is the same, but the pay is better. . . .

Women to Be Lutheran Ministers

By JOHN LUNDQUIST
Associated Press Writer

MINNEAPOLIS, Minn. (AP) — Delegates to the Lutheran Church in America convention have shattered tradition by moving to admit women to the ministry.

It was the first time a Lutheran church body in this country had decided to give women the right to be ordained on a par

with men.

The LCA, with 3,259,000 baptized members, is the largest of three major Lutheran denominations.

After 25 minutes of brisk debate Monday night, during which delegates turned down a move to postpone action until 1972, a roar of "aye" votes approved the proposal, authored by a Commission on Doctrine of the Ministry.

There were a few, barely audible "no" votes in the spacious Minneapolis Auditorium.

The convention action directs that church bylaws, and bylaws and constitutions of the 33 synods and 6,186 congregations, be changed so that the word "person" shall be substituted for "man" in outlining qualifications for ordination.

The study commission declared: "The church in its thinking and its action has up to this point lagged seriously behind secular society ... the crux of the matter is justice."

Dr. Robert J. Marshall of New York, president of the church, told a reporter later it "was a momentous decision, and wholly in accord with our church's understanding of scripture and with the status of women in our time."

Dr. Fredrik Schlotz, president of the American Lutheran Church with headquarters in Minneapolis, said he was pleased with the decision and that he supports ordination of women in his church as well.

The American Lutheran Church Council, its governing board between biennial conventions, has voted to recommend ordination for women when delegates meet in San Antonio, Tex., in October.

However, a demurrer came from Dr. Jacob A. O. Preus, president of the Lutheran Church-Missouri Synod, with headquarters in St. Louis.

"I was amazed at the speed it went through and the size of the vote," he said. "I am rather sorry it was done because it will not help inter-Lutheran relations, and I think personally we should not do it."

"I just feel that the biblical orders of creation differ between men and women, which has been the chief argument against this."

The Missouri Synod only last year decided to admit women as delegates to its conventions.

With Social Security

By KEN HARGIS

If you have any questions regarding social security I invite your letters. Just send them to Ken Hargis, Social Security Administration, P.O. Box 1319 Texarkana, Texas 75501.

QUESTION: I have filed a claim for disability benefits and the district office requested I obtain a medical report from my attending physician. He has sent me a bill for \$10 for submitting the medical report. Shouldn't the Social Security Administration pay for this report?

ANSWER: It is your responsibility to submit the original medical evidence necessary to process your claim. If a physician charges a fee for a medical report, you must pay the fee.

QUESTION: I understand that one of the requirements for disability benefits under social security is that the impairment must last, or be expected to last, for at least twelve months. How soon after being disabled could I file an application? I was disabled April 10, 1970.

ANSWER: You should file an application as soon as possible if you expect that your disability will continue for at least twelve months.

QUESTION: I am now receiving social security disability benefits and have been for about a year. A friend of mine owns a small company and thinks he has a job I could do. It doesn't require much physical exertion, and I'd sure like to try

HOPE (ARK) STAR. Printed by Offset

it. How soon would this work terminate my social security? What if I work only for two or three months and have to quit?

ANSWER: Assuming that you have not medically recovered from your disability, there is a trial work test. Notify us when you return to work. After 9 months we will check with you to see how you are getting along on the job. Only if we find that you are able to perform substantial work will your social security benefits terminate. In all, you could receive twelve checks after you return to work.

QUESTION: My husband will be 65 years old in three months. He is working and can't go to the social security office. It worries him because he has heard you should apply at least three months ahead of time. Do you have any suggestion?

ANSWER: If your husband has access to a telephone he may call the social security office located nearest you and they will take the necessary information by phone. The application form will be mailed to him for examination and signature. This will permit his claim to be processed and his payments can begin when they are due.

QUESTION: Until my father's death late last month he and my mother were drawing checks in another state. She has been visiting here since that time and has not been in touch with anyone. What is the best way to let social security know about Dad's death?

ANSWER: Call the nearest social security office to report his death. They can take the information over the phone to report his death and change your mother's address if she desires. Almost any social security business can be handled by phone.

Troop 91 Attends Summer Camp

Here Are Remarks You Hear in Head-Start Kindergarten Class

By FRANCES MCCLELLAND

Baxter Bulletin
MOUNTAIN HOME, Ark. (AP) — "Lookie! Lookie! See what I made!"

"I did good, didn't I?"

"I gotta go to the bathroom."

These remarks are heard more often than any other by Head Start teachers in Baxter County.

The teachers, too, have a couple of sentences that must be repeated over and over, such as: "Let's line up now," and "We must take turns, children."

Head Start sessions opened in several communities in the county recently and a new class started at Norfolk, where a Head Start program runs the year around.

This year 425 children are enrolled in the six-county area of Ozark Opportunity Inc., which includes Baxter, Marion, Boone, Searcy, Van Buren, and Newton counties. Other eligible children who wished to attend could not be enrolled because of a cut in funds of approximately \$40,000 in the area. Last year, 481 children attended the Head Start in the area, but enrollment of 555 had been approved.

Federal and non-federal funds for Head Start amounted to \$164,351 in 1969 compared to \$133,714 this year, of which \$104,246 comes from the federal government's Department of Health, Education and Welfare, according to the Economic Opportunity Office here.

A day in the Head Start classroom is like a day in no other place, permeated as it is with childhood's innocence and wonder.

The children's natural urge to achieve, to succeed, is evident in all they do. This is often accomplished by "making something" — something which will give them a feeling of satisfaction and which will gain the approval of the others.

For most of these children, Head Start is an enlargement of their world, which formerly had been limited to their home and family. The new world contains new authority-figures and a larger group of peers. Head Start classes usually are about half the size of a regular elementary school class, thus widening the children's horizons as a preparation for the even larger world of "regular" school. Head Start makes adjustments in September easier for the children, according to Miss Mildred Parnell, a first-grade teacher in Mountain Home schools, who is one of the two Head Start teachers here.

The other Mountain Home Head Start teacher, Miss Ericka Seiter, also is a first-grade teacher. She said Head

Start gives the children some of the "readiness" work, which is given in the private kindergartens, thus giving the nonkindergarten child a more nearly even start in school.

What are some of the readiness learning?

First, the child, of who so much will be demanded in school, must have a feeling of self-confidence. Many simple tasks successfully completed give the child that assurance.

"Teachers' interest in his work, and the presence of other children (whether one plays "with" them or just "among" them) all make Head Start "school" a happy experience for children, teacher say.

All activities are designed to develop self-expression and creativity of the children, and to build in each child a healthy "self" concept, one of the teachers said.

During the regular school term, the children are transported by car. During the last six weeks of the spring term, preparation for the first-grade work is given to those who will start school in the fall.

Mushroom Solution for Hunger

THE HAGUE (AP) — "There are over two billion mushrooms here," Prof. Naim Kosaric said, holding up a small medicine bottle filled with dark gray powder.

"They are dehydrated, of course, and are one-cell mushrooms, but in liquid with their favorite food, natural gas, they may be the answer to the world protein shortage."

Kosaric is professor of food engineering at the University of Western Ontario. He spoke about unconventional foods at the World Food Congress, with a report on research done in Canada.

Single-cell protein (SCP) sources are algae, bacteria, yeasts and minute "mushrooms" which thrive on petroleum wastes, natural gas, or even polluted water. One type of mushroom likes paper-mill wastes, turning them into edible protein.

Clarke Spoils No-Hitter for Niekro

By DICK COUCH
Associated Press Sports Writer

The making of a no-hitter is a once-in-a-lifetime fling for most pitchers. The breaking of one is becoming second nature to one pitcher...habitual offender Horace Clarke.

Clarke, who had ruined two previous no-hit bids this season with ninth inning singles, put his whammy on Joe Niekro Thursday night, beating out an infield tap in the ninth for the New York Yankees' lone hit in a 5-0 loss to the Detroit Tigers.

Niekro, who limited the Yanks to two walks before Clarke's one-out spoiler, joined Kansas City's Jim Rooker and Boston's Sonny Siebert on the New York second baseman's list of ninth inning victims.

Elsewhere in the AL, Cleveland outlasted Baltimore 10-9, Minnesota defeated Kansas City 5-2; Oakland trimmed the Chicago White Sox 10-6; California slugged Milwaukee 10-7 and Boston blanked Washington 5-0.

In the National League, Philadelphia swept a two-night twin bill from the New York Mets 6-1 and 3-2; Montreal topped St. Louis 13-10 and Cincinnati nipped Atlanta 2-1.

After Niekro got the first out in the ninth at Detroit, Clarke sent a bouncer into the hole between first and second. Tigers' second baseman Dick McAuliffe, who had 10 assists in the game, raced to his left, flagged down the ball and threw to Niekro, covering first, but Clarke barely beat it.

The official scorer awarded a hit to Clarke without hesitation. And Clarke wasn't about to give it back.

Niekro, 9-6, gave himself all

Bateman's Grand Slam Leads Expos

It took the Montreal Expos almost a year and a half to roll up a five-game winning streak, not nearly as long as John Bateman waited to rip the first grand slam of his career.

Bateman, the Expos catcher, slammed the grand slam in the opening inning off St. Louis right-hander Mike Torrez and finished with seven runs batted in as Montreal whipped the Cardinals 13-10 Thursday night, extending their winning streak to five in a row.

"It was my first grand slam ever in organized ball," said the 27-year-old veteran of 10 professional campaigns, eight in the majors. "I sure felt good. It was a hanging slider and I'm sure he (Torrez) didn't want to put it there."

The Expos exploded for a six-run first inning and held off the Birds for the longest victory streak in their less than two years of existence. The second-year expansion club won four straight in September of last year.

In other National League contests, the Philadelphia Phillies swept a doubleheader from the New York Mets, 6-1 and 3-2 and Cincinnati nipped Atlanta 2-1 in the only games scheduled.

In the American League, California bombed Milwaukee 10-7, Minnesota topped Kansas City 5-2, Oakland downed Chicago 10-6, Detroit blanked New York 5-0, Cleveland edged Baltimore 10-9 and Boston stopped Washington 5-0.

Bateman, who has been hitting at a .287 clip since June 10, added a two-run double in the second and delivered another run on a grounder. The seven RBI also set a club record.

Joe Hague drove in five runs for the Cards with a pair of homers while Carl Morton, 9-5, picked up the victory for Montreal.

Bateman, batting .195 three weeks ago, has upped his average to .232 and clubbed six homers and 21 RBIs in that span. He now has nine home runs and 31 runs driven in.

The 6-foot-3, 220-pounder was the Expos No. 3 choice in the expansion draft in 1968 where he was plucked from the Houston Astros. He missed the first month of this season when he was on the disabled list with a sore kidney.

The Mets are still No. 1 in the tight East Division battle but are now in a flat-footed tie for the spot with the idle Pittsburgh Pirates after Thursday's double defeat.

The Mets and Pirates each have a percentage of .526 New York is 40-36 while Pittsburgh is 41-37.

The Phillies snapped a string of 53 scoreless innings against New York pitching at Connie Mack Stadium in taking the first game and rallied in the nightcap, snapping a three-game losing string.

The Mets led the first game 1-0 in the eighth behind Gary Gentry's five-hitter before the Phils erupted for six runs, keyed by three straight pinch hits. Oscar Gamble's two-run single put Philadelphia ahead to stay at 3-1.

In the second contest, the Mets jumped to a 1-0 edge in the first inning but the Phils went ahead in the fourth on John Briggs' run-scoring single and a sacrifice fly and nullified Donn Clendenon's solo homer with and other run in the fifth on Denny Doyle's RBI single.

John Bench drove in both Cincinnati runs and Jim Merritt rolled to his 13th victory, tops in the majors. It was the Reds' seventh triumph in eight games while the Braves have dropped nine of their last 10.

Bench drove in a run in the first on a ground out and snapped a 1-1 tie in the third with a run-scoring single. Merritt, a left-hander, scattered six hits. He has lost six decisions.

Top Drivers Compete in "400" Race

By F. T. MACFEELEY
Associated Press Sports Writer
DAYTONA BEACH, Fla. (AP) - Cale Yarborough starts first off a record qualifying speed. So what's new?
Bobby Isaac starts second, a slight change from the Daytona 500, when he started third.
But the \$20,800 first prize goes to the driver who finishes first in the \$95,000 Firecracker 400 stock car race Saturday.
Blond Pete Hamilton, who has both intelligence and good looks, came from the middle of the pack to win the richest stock car race of all time in February.

Hamilton and his boss-team-mate, Richard Petty, make a formidable Plymouth combination in the midsummer sequel. Petty, twice winner of the Daytona 500 but still looking for a breakthrough in the Firecracker, celebrated his 33rd birthday Thursday by leading second-day qualifiers at 187.574 miles an hour.

Yarborough's formidable 191.640 record pace of Wednesday makes his Mercury the car to beat. Isaac's Dodge, in at second best 190.142, isn't far behind.

Then, there is the third starter, Lee Roy Yarborough, defending champion who was demonstrably disappointed at his Mercury's qualifying speed of 189.685.

Hamilton goes to the starting line beside Yarborough off a 189.537 qualifying run. But, when asked if he was holding back in the trial, Hamilton flashed a boyish grin and replied: "The race is the thing."

There are plenty of other contenders with factory-backed machines. David Pearson, 1969 Grand National champion, has added incentive. His Ford was nosed out by Hamilton in the closing laps of the Daytona 500. Charlie Glotzbach, Buddy Baker, Bobby Allison and Fred Lorenzen are all in fast dodges. Lorenzen, returning from a three-year layoff, has the stuff of champions.

Benny Parsons, James Hylton and Donnie Allison start Fords among the front rows. Allison, first NASCAR driver to finish as high as fourth in the Indianapolis 500, hasn't worked the bugs out of his Ford but is a good bet to do so by 10 a.m. starting time.

Dick Brooks, 1969 Rookie of the Year, joins Petty and Hamilton as top Plymouth threats.

The rest of the 40-car starting field are darkhorses. One of them can win only if all the top drivers and machines break down.

Yarborough set the record at 167.247 m.p.h. two years ago. Yarborough won last year at 160.875.

All the finishers are certain to make at least four pit stops. They get only 90 miles or so on a 22-gallon tank of gasoline.

RESTRICTIONS HELP INDIANAPOLIS (AP)
Restrictions on western missionaries in India are serving to force Indian churches to do "what we should have done 20 years ago" that is, develop their own leaders, says Mrs. Renuka Somasekhar.
Mrs. Somasekhar, a member of India's National Christian Council, told Christian Church (Disciples) leaders here that church bodies in India should be left free to "sink or swim" as a spur to achieving indigenous leadership

Pen-names are permitted when a letter deals only with issues. Direct attacks upon public officials, however, must bear the writer's name for publication.

CITY GOVERNMENT
Editor The Star: I believe in and support the mayor and city council form of government for the following reasons:
A mayor and city council form of government has a closer touch and relationship with the people of the town or city. Not only does the mayor represent a certain constituency of the people, but the council also does likewise.
A mayor and city council can have better law enforcement, as I will reveal to you in another paragraph.
Investments can be made and responsibilities can be met that a city manager would pass up.
Since I served the City of Hope, Arkansas, as mayor in 1905 to 1908 I can show you how the mayor and city council form of government worked then, and therefore, can be made to work now.
The first thing we, my council and I, did was to advance the incorporated town of Hope to a City of the Second Class.
We decided to dispose of the old plank sidewalks and require HOME OWNERS to build concrete walks in front of their homes, and as I recall the home owner paying part of the cost and the City of Hope paying part.
We then decided to pave the

STRENGTHEN YOUR FAITH

Through Regular Church Worship

...without army, or navy, or air force.
Thirteen small struggling colonies set themselves against imperial might, and *they won*. Led by men of character, devotion, courage and high ideals, the men of Valley Forge won our Independence, our Fourth of July. They were lovers of Liberty and of God. *But our freedom did not come easy*. God bless the memory of those historic patriots who laid everything on the altar for their country... their lands, their homes, their families, their very lives. Are we worthy to 'follow in their train?' Just what are we paying for this rich inheritance? Let us bow, on this Fourth of July, in devout gratitude. Let us help make "Christian America" truly Christian, more loyal and more Godly.

HELEN HELP US!

by Helen Bottel

Dear Helen:

A year ago I would have laughed and called anyone crazy who would predict I'd fall in love with a man 20 years my junior! Now it all seems so wonderful. He is very mature. I'm taken for 15 years younger than my age. When we are out together we are often mistaken for man and wife—never mother and son. We have the same tastes and ideals. He loves me deeply. But he is afraid that if we marry we'll soon be an oddity and that I or my children will suffer. (They love him too.)

Would you please ask others who have experienced this to write and tell you how marriage worked out. I need moral support.—NO ODDBALL

Dear N:

If a woman works at it, she can almost look years younger than her age, so if you love each other and are compatible, what's your problem? I'm sure others will agree, and I'll send their letters along to you.—H.

Dear Helen:

My parents hate my husband. They feel he is not good enough for me, because he is not of our race. Mainly to blame is my domineering grandmother. It all came to a head when my uncle, who is my godfather, had a birthday. I was asked not to bring along my husband, as the party was to be at my grandmother's house.

Of course I said if he isn't welcome, neither am I. This so

inflamed her that she talked the family into pretending I don't exist. They neither call nor speak.

My husband is very understanding—he's a wonderful man—but it still hurts to know I am my mother's daughter, but she doesn't.

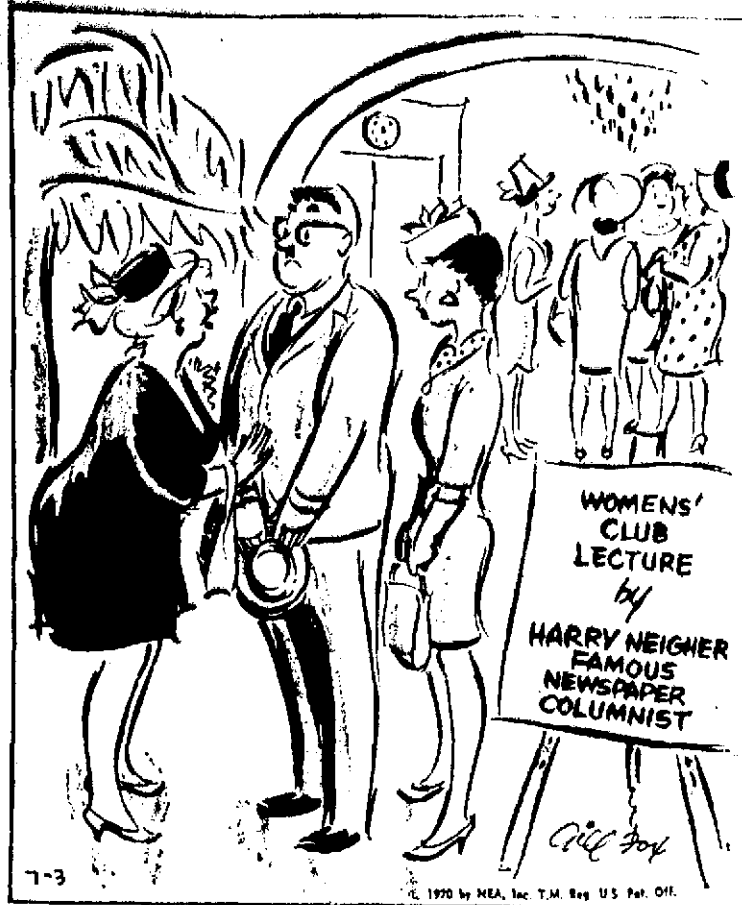

We have a chance to move to another town. I've tried for 18 years to mend this break, and it's only gotten worse. Should we cut all ties and go our own way? —STILL HURTING

The Chronic Sad

"Sadness resembles sorrow as the mist resembles the rain," wrote Henry Wadsworth Longfellow. Sorrows come to all of us. They may never be forgotten but eventually the mists of sadness clear. Sadness is a kind of convalescence period during which kindly Nature heals our emotional wounds.

Melancholy is something else again. It is the pleasure some people take from sadness. They keep their wounds open to prolong it. For those around him, it constitutes a kind of blackmail in which the hurt person depends that others share his unhappiness.

If someone dear to you has experienced a great sorrow, be deeply, and sincerely sympathetic. If he retains his dejected spirits unreasonably long, gently take him off his diet of sympathy. Feed him hope. Help him to find new interests. Cure his sadness before melancholy sets in. Only the selfish remain sad! — Lakeland (Fla.) Ledger

NEA Debate Issues at Convention

By WILLIAM J. WAUGH
AP Education Writer

SAN FRANCISCO (AP) — Seven thousand delegates to the National Education Association's 108th annual convention begin hammering out their 1970-71 program today on such touchy issues as integration, church-state relations and federal aid to education.

The delegates will be in session through Monday. They have completed three days of meetings of affiliated organizations.

The NEA, increasingly aggressive in the drive for racial balance in public schools, will be even more so in the next year, said Walter J. O'Brien of Trenton, N.J., chairman of the NEA Human Rights Council.

O'Brien told a news conference Thursday that extensive desegregation is a fact throughout the South but warned "the potential exists for the evils of hatred and discrimination to turn desegregation into humiliation for thousands of blacks."

James H. Williams, director of the NEA's Southeast regional office in Atlanta, said NEA investigators have documented hundreds of incidents where black educators have been demoted or fired after schools have been integrated.

Many black students, he added, have been segregated in classes and lunch rooms in racially mixed schools. He singled out Louisiana, Mississippi and Texas as states that are headed for "eventual disaster—it will lead to violence."

O'Brien said NEA plans for attacking de facto segregation in northern urban areas will be implemented as soon as funds are available.

Before the convention is a resolution calling for a cutoff of all federal funds and services to private and parochial schools.

Even if it is approved over existing opposition in both northern and southern states, there is little likelihood it would have much impact on Congress.

Thornton in Denial of Connections

LITTLE ROCK (AP) — Ray Thornton of Sheridan, a Democratic candidate for attorney general, denied Thursday that he has any connections with Arkansas-Louisiana Gas Co.

Thornton and State Sen. Richard Earl Griffin of Crossett, who is also seeking the nomination for attorney general, were questioned by a panel of lawyers during the taping of the Jaycee sponsored "Challenge '70" program to be shown Sunday on KARK, Channel 4, in Little Rock.

Scottish Rites Masons Hear Glasscock

— Hope (Ark.) Star photos

WILLIAM J. GLASSCOCK

William J. Glasscock, 33rd degree mason and Secretary of the Arkansas Consistory, spoke on "The Ideals of Americanism" after a dinner for Scottish Rite Masons and their guests held Monday, June 29 at the local Masonic Hall.

Included in the speaker's message were excerpts from Washington's farewell address, a review of work of the Scottish Rite, and definition of the purpose of Masonry.

He called special attention to the red caps of honor worn by two local Masons, Ted Maryman 32 K. C. H. and Harry Shiver, 32 K. C. H. He also announced a Masonic reunion to be held August 8 in Little Rock.

W. A. Mudgett presided over the meeting, and the following new officers of the Scottish Rite Masons were named: president, R. M. Jones; vice-president, Clovis Tittle; secretary, Harry Shiver. Chapter 328, Order of the Eastern Star, served a buffet dinner to 80. Out-of-town guests were Mrs. W. J. Glasscock, wife of the guest speaker, and Mrs. Stan Harris of Houston.

The panel said the Pentagon finally reported back last month that all the fees had been ruled earned except for \$11,212.75 which the unnamed psychiatrist refunded.

The House service benefits subcommittee headed by Rep. James A. Byrne, D-Pa., charged no wrongdoing but said it "was concerned about the long delay in determining the propriety of such payments" and recommended the Pentagon revise its procedures to keep a current review of the fees it pays.

The \$11,212 overpayment, a subcommittee aide said, was the result of poor bookkeeping.

American Flags in Profusion for This 4th of July

By THE ASSOCIATED PRESS
Flags, fireworks and soul food are some of the ingredients that will go into Honor America Day activities designed to show love of country on this July 4.

"There will be no banners, no signs, just flags," says Robert E. Cole Jr., Honor America Day parade chairman in Waikiki. He described this Saturday's parade as simply a "flag carrying" march.

Negro leaders in Milwaukee have planned three days of soul food picnics, gospel singing and dances to honor blacks who have died in war. The activities will end July 4 with a parade to honor Crispus Attucks, a black patriot killed in the Boston Massacre prior to the Revolutionary War.

In Virginia, nearly 400 Boy Scouts are participating in a four-day marathon to carry an American flag mounted on a baton from Williamsburg to Washington, where they will arrive for the Honor America observances.

July 4 marks the 194th anniversary of America's birth as a nation, celebrating that day in 1776 when the Continental Congress adopted the Declaration of Independence.

This year Honor America Day activities that are centered in the nation's capital will be added to traditional Independence Day events.

The demonstration designed to show love of country is led by evangelist Billy Graham and entertainer Bob Hope.

The Washington, D.C., project will feature memorial and patriotic services at the Lincoln Memorial and a stage show ending with a fireworks display.

In Perry, Iowa, Independence Day will be celebrated July 3 so the Honor America festivities won't conflict with them, a local civic leader says.

Going to the nation's capital are hundreds of New Yorkers aboard the "Honor America Express," five busloads from Indiana, and several from Massachusetts and other areas.

Actor Howard Keel will read from the Declaration of Independence in Philadelphia's Independence Hall, the nation's birthplace.

Richard Cardinal Cushing of Boston has ordered the ringing of bells in Roman Catholic churches to coincide with the Washington activities.

And in the Rose Bowl in Pasadena, Calif., wives and families of servicemen missing or captured in Vietnam will be honored prior to a fireworks display.

In Atlanta, Ga., the Boy's Club is backing a "stand up and be counted day." Those calling a special telephone number get an American flag decal and their names placed on a scroll taken to the Washington festivities.

At the Rhode Island Statehouse July 4, the Southern New

England Committee for a Victory in Vietnam plans a rally. To the north, Maine will observe "Operation Patriotism," one minute of meditation "reflecting on the common blessings of our citizenship."

ASU Teacher is Dismissed Second Time

JONESBORO, Ark. (AP) — Dr. Bill L. Stroud, one of two Arkansas State University professors dismissed in March and rehired in May, said Thursday he had received notice that he was being dismissed again.

Stroud, a philosophy teacher, said he received a registered letter from Dr. O. Philip James, dean of the College of Liberal Arts, informing him that his contract would not be renewed after the first summer session of 1971.

Dr. Ronald Hayworth, the other professor involved in the controversy earlier this year, said he received a registered letter notice in his mail box and would pick up the letter as soon as the post office opened today.

Stroud said he thought several other professors would receive letters today.

"It really doesn't affect me," Stroud said. "All of us are looking for jobs."

Hayworth would only say that he will contact his lawyer as soon as he gets the letter.

Stroud said the letter stated that notice of termination was being given a year in advance in order to meet requirements of the American Association of University Professors.

The ASU Board of Trustees 3-2 in March to follow the recommendation of Dr. Carl R. Reng, the ASU president, not to renew the contracts of Stroud and Hayworth. In May, after much controversy, the board voted 3-2 for reinstatement.

45 States Agree on Holidays

By HARRISON HUMPHRIES
Associated Press Writer
WASHINGTON (AP) — Forty-five states have followed the federal government's lead in adopting "Always on Monday" holiday bills to give the workman at least five three-day weekends each year.

A Monday holiday bill may still be enacted this year in Louisiana. The legislatures of Oklahoma, South Dakota, West Virginia and Wisconsin get another chance to fall in step when they meet again in January.

Four Injured Early Fri. In Collision

Four persons were injured in a 3-car accident at 6 a.m. Friday on Hwy. 67, three miles north of Hope.

Taken to a local hospital by ambulance were Joe Patterson, 43, of Hope; Richard Larsen, 19, of Murray, Kentucky and Mrs. Delores Garcia, 37 and her daughter Gaudalope, of Donna, Texas.

Patterson sustained possible broken bones and head injuries. Larsen received head abrasions, bruises and is believed in serious condition. Mrs. Garcia and daughter suffered bruises and abrasions.

State police reported that the accident occurred when Larsen went to sleep at the wheel, his car crossing the center line, sideswiping the Garcia pickup and then struck the Patterson car head-on. Larsen and Patterson were traveling alone. Mr. and Mrs. Garcia and their six children were in the pickup.

The Larsen car completely burned and the Patterson and Garcia vehicles received heavy damage.

Investigating the accident were State Police troopers Harvey Fullerton, Wallace Martin and Bobby Neel, assisted by Hope City police.

Ceiling on Lottery has Risen to 195

By JAY PERKINS
Associated Press Writer
WASHINGTON (AP) — The nation's draft lottery ceiling has risen to No. 195 through August and Draft Director Curtis W. Tarr says officials "don't anticipate that it will go much higher" for the rest of the year.

Tarr ordered local draft boards Thursday to add only five lottery numbers for August inductions.

The Selective Service director's announcement means that men holding numbers in the upper end of the "middle third"—somewhere around 210 to 240—might escape the service.

He said an influx of low-numbered men, primarily college students who have lost their deferments, is replenishing the draft pool and "really helping our manpower situation."

The White House estimated at the time of the first lottery last December that the lowest third men with numbers from one to about 120—would almost certainly be inducted.

It said men with numbers above 240 probably would not. Those with numbers in the middle range were left to wonder about their chances.

Last December's estimates were based on predicted manpower needs of 260,000 men. The Pentagon since has reduced that number to somewhere between 150,000 and 180,000.

Monthly draft calls have shown a corresponding downward trend with the August call of 10,000 the lowest of the year. Tarr also reaffirmed that local boards need not send men with numbers higher than 215 for pre-induction physicals.

That advice, repeated over the past several months, had been the only indication of how high on the lottery list the 1970 draft might go.

However, Tarr's statement Thursday generated speculation that even some of these men might not be called.

The anticipated peak number this year has no effect on men born in 1951 who received their draft lottery numbers Wednesday.

They will face induction next year. There is no official estimate yet on how many men will be needed or how high the numbers will go.

Mob Gambling Investigated

MIAMI (AP) — New York and Miami authorities are conducting a new investigation into alleged mob gambling on sports activities, the Miami Herald reported in Friday editions.

The Herald said State Atty. Richard Gerstein confirmed the probe in Miami, but declined to give details.

Holiday Notice

There will be no edition of the Star Saturday, July 4. The newspaper suspends for three national holidays, the others being Thanksgiving and Christmas.

Today's edition (Friday) is being sent to press at mid-morning and The Star office will close for the week-end at noon Friday to give employees an early start on the holiday.

Says "Honor America" Is Like Nazism

By KEN HARTNETT
Associated Press Writer

WASHINGTON (AP) — To one veteran antiwar organizer the July Fourth "Honor America" extravaganza in the nation's capital "is the kind of thing that took place in Hitler's Germany."

"It's all there—folklore, sectarian politics, just like Nazi Germany. It's scary," Stewart Meacham says. "It really is."

Meacham's advice to the left: "Stay away from it. Any attempt to get into it makes it more interesting and builds it."

Generally, the organized left seems to be following Meacham's counsel and is ignoring the event.

But no one can safely predict the reaction of the disorganized left—that collection of ragtag revolutionaries, Yippies, politicized hippies and street people who band together under names like the White Panthers, the Up-Against-the-Wall, the STP.

"There's a lot of people coming," said a tall young man with long brown curls and a sleeping bag strapped to his back. "And there's going to be a lot of political disagreement."

To the far left, the organized, the unorganized and the disorganized segments included, the production featuring Bob Hope and the Rev. Billy Graham is a political show, pure and simple, and a right-wing one, at that.

"It's a disgraceful exploitation of religion by an administration using this kind of thing as a means to prop itself up," said Meacham, a former Presbyterian pastor who helped build last November's massive antiwar demonstration in Washington.

Originally, Abbie Hoffman planned to call the nation's Yippie tribes to the capital for a "Festival of Life" on the Fourth.

But after "Honor America" Day was announced Hoffman canceled his happening. One close associate explained, "Abbie thought it would be a massacre." Another source said the decision was political and would have been made with or without "Honor America" Day.

Rennie Davis, another of the Chicago 7 conspiracy trial defendants, made a spoofing attempt to get the antiestablishment included on the Honor American Day program.

Davis didn't push his suggestions for long or very loudly. He had another purpose in mind. "We wanted to show it up as the right-wing thing that it is. Now the hell with it," he said.

The fact that most New Left figures, with the exception of Davis, ignored the event, does not necessarily mean that "Honor America" celebrants will have the day to themselves.

Long before "Honor America" Day was announced, there was talk of a marijuana smoke-in in Washington on the Fourth. And the word is out in the underground press that the smoke-in will be staged.

"A whole bunch of kids are in town," said a Washington activist. "But there is no organization and there are no groups that are organizing. Outside of the smoke-in, I don't think anything's going to happen."

However, another radical presented this scenario.

"It's going to be hot. There's going to be lots of kids with no clothes on in the reflecting pool. These kids are going to be mixing with hard hats being brought in by the bus load. The kids are going to be smoking dope and with their long hair and their Viet Cong flags, they're going to freak the red-necks out. The kids won't freak out. They'll be scared to death."

River Boat Blast Kills 46 Civilians

by RICHARD PYLE
Associated Press Writer

SAIGON (AP) — A passenger river boat struck a floating mine just south of the Demilitarized Zone today and blew up, killing 46 of the 50 Vietnamese civilians aboard, a government spokesman announced.

The mining occurred on a branch of the Cua Viet River less than a mile from Dong Ha, the boat's destination about nine miles south of the DMZ.

The river is regularly patrolled by U.S. and South Vietnamese boats, and North Vietnamese mines in it have sunk or damaged a number of boats. But the toll today was believed to be the largest.

Only light, scattered fighting was reported in South Vietnam, but the U.S. Command reported the loss of another plane a week ago. It was a Navy A7 Crusader jet that crashed as it was taking off from a carrier June 26 on a mission to Laos. The pilot was rescued.

South Vietnamese officials also announced the withdrawal of a brigade of marines—between 1,000 and 2,000 men—from Cambodia, reducing the total number of South Vietnamese troops in the neighboring country to about 25,000.

In Phnom Penh, the Cambodian capital, the Cambodian military command said newly reinforced Communist divisions are preparing for a major new offensive and already are moving assault troops into position in one key area.

A spokesman said Cambodian and South Vietnamese troops are "ready for anything." He added that the enemy threat to Phnom Penh has "receded considerably."

The spokesman said another major threat is developing around Kompong Thom, 80 miles north of Phnom Penh, with fresh enemy troops moving into position outside the city. The highway between Kompong Thom and Phnom Penh was still closed despite efforts of several Cambodian battalions to clear it.

The spokesman also reported more harassing attacks in the Siem Reap-Angkor area in northwest Cambodia and other harassing attacks on government troops near the provincial capitals of Takeo, south of Phnom Penh, and Prey Vieng, east of the capital.

Privates are Cleared for Protesting

WASHINGTON (AP) — Twelve Army privates who participated in a sit-down demonstration to protest alleged brutality at the San Francisco Presidio stockade have been cleared of mutiny charges.

The Army Court of Military Review threw out the mutiny convictions Thursday, but upheld court-martial convictions on the lesser offense of willful disobedience of an order of a commissioned officer.

A 13th soldier's conviction for willful disobedience also was affirmed by the court.

The action completes review of court-martial convictions of a total of 24 soldiers who participated in the Oct. 14, 1968, incident near the stockade at the Presidio. Twenty-three were charged with mutiny.

The charges were filed after the group had munched mess hall food, called stockade living conditions unsanitary and overcrowded and sang "We Shall Overcome" when an officer ordered them back to the stockade.

Convictions of 10 other soldiers on charges of mutiny were previously reduced to disobedience of an order. One case also was thrown out.

The courts-martial handed down sentences as severe as 15 years imprisonment and dishonorable discharge. But the military review court reduced the penalties to bad conduct discharges, forfeiture of pay and allowances and imprisonment at hard labor for as much as a year.

One of the myths about the bridge expert is that he can tell where every card is the moment dummy hits the table.

That is partially correct. He can tell where every card is. Later on, he is likely to have a mighty good idea about the concealed hands but, until we start playing with see-through cards, he has to be somewhat in the dark in the early stages of play.

South could see that three no-trump would probably make but he was playing in three hearts and, since the game was duplicate, it would help his score a lot if he could make an extra trick.

The right way to try for this extra trick was to play the seven of spades at trick one. West would almost surely continue spades, since he would think that his partner's three-spot had been a come-on. South would take his ace, ruff a spade, draw trumps and discard one diamond on dummy's third club. It would be just too much for West to find a diamond shift at trick two.

South overlooked this line of play and grabbed his ace of spades right away. Then he ran the three clubs to get rid of one diamond and continued by leading a second spade.

West was in with the jack. By this time he knew his partner surely held the diamond ace and probably the king in back of it. Hence, it was no problem for West to play his queen of diamonds. East overtook with the king, cashed his ace and continued with the 10. Whereupon West was sure to make a trump trick and South was held to his contract.

DOCTOR'S MAILBAG

One-celled Parasite Cause of Trichomoniasis

By WAYNE G. BRANDSTADT, M.D.

Q—What is the cause and treatment of trichomoniasis?

A—This is a vaginal infection with a one-celled animal parasite, the Trichomonas. It is very common and, in many persons, especially men, it causes no symptoms. In susceptible women it causes local itching or burning and a white frothy discharge (leukorrhea).

There is some evidence that the standard treatment with metronidazole (flagyl) is less effective than it was several years ago, probably because the parasite is building up a resistance to the drug. Two other prescription drugs are now available—betadine and ampicillin (Mycosert), both for local, not internal, use.

Q—My doctor says I have

trichomoniasis. Vaginal suppositories helped at first but the condition always returns. How can I get rid of it? Will it prevent me from becoming pregnant?

A—The infection can be eliminated only if husband and wife are treated simultaneously. It will not interfere with pregnancy.

Q—What is the difference between trichomoniasis, moniliasis and candidiasis? How is the diagnosis made?

A—Moniliasis and candidiasis are the same disease. It is caused by a fungus, not an animal parasite and, although the fungus may invade the vagina, unlike trichomoniasis it more commonly involves the tonsils, tongue and gums. The diagnosis of both diseases may

be made by examining a swab from the infected area under the microscope and identifying the causative organism.

Q—What is the cause of trichinosis? Is it serious? Can it be cured?

A—This is an infestation with a small worm that may be swallowed with poorly cooked pork. It makes its way into the blood stream and lodges in the muscles. It may be serious if it invades the heart muscle but it can now be cured by taking thiabendazole, a prescription drug. Hydrocortisone in the early stages will relieve the muscular pains.

Q—I have just moved here from another city. Please recommend a good internist in this area.

A—For this type of information you should consult your county medical society.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

When you have bid a small slam, there is no reason to risk game, rubber and the slam bonus in order to try for an extra trick.

South was one of those noisy players who will never

realize that winning bridge can and should be conducted with the use of 15 words—pass, double, redouble, no-trump, spades, hearts, diamonds, clubs and the numbers one to seven.

He looked at dummy for a moment, glared at his partner and asked raucously, "Couldn't you go to seven with those two big trumps?"

Then he ruffed the club lead and played out his ace and king of hearts. If that second heart lead went through, South was going to make all the tricks, but East was just mean enough to ruff with the three of trumps and lead back the six.

South could still ruff one little heart in dummy but the other one he had to lose to West.

South, who was keeping score, marked down 100 points for his opponents, whereupon North remarked, "I couldn't stop you throwing away game, slam and rubber, but at least I can see that you take your 100 honors."

South couldn't see anything but bad luck in catching East with two spades

Friday, July 3, 1970

and just one heart. That was bad luck, but luck had nothing to do with losing the slam.

South could have afforded a low heart lead instead of the king. This would give up any chance for seven, but would give him six on a silver platter, since nothing could keep him from ruffing his last heart in dummy.
